

## Council acts on committee recs

Council moved to award a recapping contract for 1974 to low bidder W. C. Wells Construction Ltd. at \$64,570 at their regular meeting July 22nd. Other tenders received were from Peter Kiewit and Sons (\$75,060) and Standard General Construction - (\$87,430). Engineer Maandag recommended accepting the Wells tender as past work done has been very satisfactory.

A Committee of the Whole recommendation from July 15th that a resolution be prepared for submission to the A.U.M.A. whereby the Minister of Education requires by regulation that school boards be required to establish their budgets by Feb. 1st of each year in order that the requisitions are made early in the year

was carried 6-1 with Coun. Thronsdon opposed.

A further recommendation was that the Provincial Road Grant be used for another river crossing as first priority. This was amended that the resolution be tabled until Council receives a report from staff on the street improvement program. Amended carried in Committee 4-3 with Hudson, de Bruijn and Bakker opposed. It carried also in council with Bakker opposed. Councillors Hudson and de Bruijn had not yet arrived at the meeting.

It was moved by Coun. Bakker to devote the July 30th Committee meeting to the North West Sector plan and Downtown concepts, and to hold the meeting in camera. The mayor commented that he hoped the North West developer would be invited, but Coun. Bakker said council should thoroughly investigate what options are open, and what is involved regarding the total amount of land, dedication etcetera. "We asked the developer to comment on the report," said the mayor, to which Coun. Bakker replied "We haven't looked at it ourselves." "But we need the developers comments," said the mayor. "Let's have a peek first," said Coun. Lukay, "It will have impact on the General Plan." Coun. Bakker's motion carried.

At the July 15th committee meeting the mayor moved to go in camera after coffee, but did not state his reasons, and Coun. de Bruijn who disagreed, left the meeting at 9:05.

## Dog By Law fails

The 46-clause bylaw to regulate dogs and other animals in St. Albert came up for first reading at regular council meeting July 22nd, sparking further discussion. Coun. Bakker observed that "the former bylaw had a given age before license and this one has none," and Administrator Byron replied that the age is hard to determine, to which Coun. Bakker responded that with regard to a litter, a license for each dog is not reasonable. Coun. Thronsdon felt that

## District 3 approves Braeside site plan

Mr. George Cherenko, architect, presented the site plan for the new Braeside school to District No. 3 trustees on Monday, July 22, 1974. After the board had scrutinized the plan, Mr. Dave Fraser moved that the plan be approved and the motion was carried. The plan includes the recreation area adjacent to the school site.

Mr. Ted Baldwin, business administrator, reported that the portables for the new school are expected to be out of Alco Construction Ltd. plant by mid-August. However, the contract with Alco had not yet been signed as there was need for clarification of a particular clause. Mr. Al Gannon, trustee, moved that the chairman of the board be given the authority to sign the contract subject to clarification of the clause in question.

Discussion on the proposed civic centre took place and Mr. Ernie Howrith, chairman, moved that the board accept in principle the concept of the civic centre and the appointment of an independent land appraiser. The land appraiser will be selected by Mr. Byron from the Town Hall and the superintendents from District No. 3 and District No. 6. He will assist the town

Included in the R.C.M.P. Musical Ride performance on Monday night were a number of native dances performed by the Saddleback Dancers from Hobbema. The dancers were spectacularly costumed in authentic outfits and were a real attraction at the Musical Ride.

## R.C.M.P. Musical Ride cheered by thousands

Watching 32 beautifully matched black standard breeds picking up 128 hoofs and putting them down gracefully, rhythmically, in perfect unison, it is hard to remember that those dancing horses in the R.C.M.P. Musical Ride average around 1200 pounds. Their heads are held in normal position throughout the incredible performance, never lifted, never a nose thrust forward. They perform like a professional dancing troupe, which indeed they are; immediately responsive to the music changes, never missing a cue and proudly enjoying

centre stage.

The Mounties and their mounts were centre stage for thousands upon thousands of cheering spectators who made the hill above the arena a kaleidoscope of movement, colour and sound.

The Kiwanis Rodeo Arena was in fact a most appropriate setting for the Musical Ride, which has its roots deep in the history of the West, as does rodeo. Both the ride routines and the

rodeo competitions grew out of difficult requirements of developing skills needed for a demanding job to be done.

The 12 intricate patterns which make up the world-famous ride were developed over the ages as cavalry exercises which enable the rider to gain confidence and complete control of his mount. They demand the utmost control, timing and coordination.

## Northern fishing trip hair raising experience

Albert Steinwand of Gibbons and Floyd Andersen of Edmonton attended a fishing trip at Albert Edward Bay as guests of Pacific Western Airlines, Arctic Outpost Camps Ltd. and Mark Ten. They were winners of a fish derby at Calling Lake last September. They describe the trip as unbelievable! The trip is described in the Arctic Outpost Camps brochures thus: "Eskimo guide for each two guests, boats and motors, cocktail bar, flush toilets and showers, three float equipped aircraft for your convenience, radio telephone Arctic char limits guaranteed and lake trout, delicious meals, cabins. However, they found most of the above not true.

Albert and Floyd left Edmonton Industrial Airport on

Wednesday, July 17 at 8:30 a.m. as guests of PWA and arrived at Cambridge Bay

at 1:30 p.m. Their first dis- appointment was that there Please Turn To Page 19

Pontoon plane that crashed at Albert Edward Bay. This plane was only three months old and is a complete write-off.

Monday, July 29, marked the sod turning for the St. Albert Kiwanis/R.C.M.P. Centennial Centre. A number of spectators were on hand to watch MLA Ernie Jamison (left), Mayor Gibbon (second left), Staff Sergeant Trace (second right), and Incoming Kiwanis President Terry Moore (right) perform the sod turning ceremony. Also in attendance for the occasion was Mr. Bill Hite, chairman of the Kiwanis Community Project Committee (far right).

## District 3 From Page 1

and the boards to determine the value of lands and buildings presently held by the boards which the town hopes to exchange for board offices located within the new centre.

Three long time employees of the district will be retiring this summer and Mr. Fraser proposed that the board hold a retirement banquet and dance on September 6 in their honour.

## Dog Bylaw From Page 1

the same charge for spayed and unspayed animals was not fair. Getting back to age for licensing Coun. Bakker said two months would be reasonable.

Coun. Gibson pointed out that item 2g which covers "spayed female" under definitions is not needed in the bylaw since no difference is made for a spayed animal. He also considered that item #22 which states that every female dog or cat in heat shall be kept confined, was tough to enforce, as were other clauses, "I think these difficult clauses may make the whole long, detailed bylaw hard to enforce," he stated.

Saying that perhaps council members with dogs should not vote, Coun. de Bruijn said he was not in favour of the bylaw - "it is far too tough and penalties are far too heavy" - he is a dog owners view," he concluded, "although my dog has never been picked up."

Mayor Gibson questioned item 10 under which licenses would not be transferable giving as an example the case where a dog dies. Coun. Lukay said it was an excellent bylaw, "In accordance with direction from the dog control officer - she is knowledgeable." The mayor pointed out that under Section

The employees are: Mr. Vince Maloney, superintendent, Mr. Chris McDonnell, secretary-treasurer, and Mrs. Kennedy. New appointments were announced at this meeting.

Mr. W. G. Zielinski has been appointed as the new superintendent of St. Albert School District No. 3 following the retirement of Mr. Vince Maloney. He will assume this office on or about September 23, 1974. Mr.

Zielinski comes to St. Albert after having served in a similar capacity in Grand Cache School District No. 5258 and Northland School Division.

Mr. Zielinski was born in Saskatchewan and received his early education in Saskatchewan and in Alberta. He received his B.Ed. at the University of Alberta and later his masters from the University of Oregon. He was awarded his Doctor of Education at the University of Montana in 1972.

Mr. Vince Maloney leaves School District No. 3 on retirement after having served it from its inception in 1958. He was principal of the high school at that time. Later he transferred to Vital Grandin as he assumed the role of supervising principal and acted as adviser to the board. Mr. Maloney was appointed superintendent in September, 1964 and has remained in that position until his retirement effective August 31, 1974.

Mr. Maloney has been an active community man during all these years. He acted on town council and in various other community organizations. However, his heart was always with his teaching profession. Mr. Maloney held high offices in the School Superintendents Association of Alberta and has been very active in many areas in this field.

Mr. A. E. Baldwin has been appointed secretary-treasurer of School District No. 3 effective August 1, 1974 succeeding Mr. Chris McDonnell who is retiring from that position. Mr. Baldwin is a native Edmontonian receiving his education training through the Edmonton Separate School System and the University of Alberta. He joined the staff in August, 1972, as business administrator and has taken a major role in the development of stronger administrative leadership in the district.

Mr. Chris McDonnell leaves his position of secretary-treasurer of District No. 3 after nearly 15 years. He assumed this office on March 1, 1959, and has, like Mr. Maloney, followed St. Albert through its growing pains and development to date. He has taken great interest in school administration, being a member of the Association of School Business Officials of Canada and a member of The School Business Officials of Alberta. This organization awarded him an honorary life membership at its annual meeting at Banff last June.

## Musical Ride From Page 1

All of the patterns, half at the trot and half at canter, from the Bridal Arch to the Dome drew hearty bursts of applause throughout the performance, culminating in a tremendous response to the spectacular Charge which concludes the Ride. Inspector M. J. McInnis, officer in charge of the Musical Ride led the riders into the arena and remained posted on his motionless horse at the north end during the performance, giving the commands. Riding master, Staff Sergeant

Al Anderson was called forward following the Ride to accept gifts. A Town of St. Albert plaque was presented by Mayor Gibson on behalf of the people of St. Albert, and Kinsmen President Terry Moore presented a "different style of Stetson" and the Riding Master immediately put on his Kin Rodeo stetson, plus a gold Kinsmen banner. The gifts will join the hundreds of gifts presented over the years to the Ride, which are housed in a special section of the museum in Ottawa.

St. Albert Kinsmen arranged a fitting and thoroughly enjoyable program for the Monday evening "First ever in St. Albert" Musical Ride.

Kinsman Chris Parker, ride committee chairman, who handled the announcing most capably, asked Kinsmen President Terry Moore to introduce the platform guests: C/O V. M. Sepalla, assistant commissioner, RCMP and Mrs. Sepalla, Superintendent W. F. G. Perry, officer in command, RCMP Edmonton Subdivision and Mrs. Perry. C. T. A. Hutchings, president of the RCMP Veterans' Association, and Mrs. Hutchings; MLA Ernie Jamison and Mrs. Jamison; Mayor Ray Gibson and Mrs. Gibson, Beryl Shouls, Kinetite president and Mrs. Moore.

The program was led off by the Edmonton Girls Ambassador Marching Band, who presented an outstanding performance of marching drills and military routines. The band members were complemented by 20 flag bearers, 12 with their own blue and white flags and the others forming the colour party displaying the Canadian flag, the RCMP colours, the Alberta flag and the City of Edmonton, plus five accomplished majorettes. Their faultless and crowd pleasing performance displayed the skill, discipline and showmanship which has made the Band world famous. Equestrian Manor followed with a display of intermediate class horse jumping which saw Herb Hebers, Dayton Gorsland and Hal Johnson win the top prizes. Assistant Commissioner V. M. Sepalla took the salute from each of the nine jumpers.

The Saddleback Dancers from Hobbema under George Saddleback Senior were another most appropriate choice for the program. They are also internationally known and Mr. Saddleback, speaking in Cree and English, noted that they had visited over 200 cities around the world. They presented a pro-

gram of Inter-Tribal dances, including the Grass Dance, Chicken Dance, a short Shawl Dance, by two women dancers, the Crow Hop, and the Hoop Dance by the North American Champion, George Saddleback Junior. The troupe included a scene-stealing youngster of about four years, who was right in there and is surely a star performer of the future. Mr. Saddleback, who also played drums and chanted for the numbers, described the tradition behind each dance, and the dancers in their beautiful native costumes received an enthusiastic response from the huge crowd.

John Antle, accompanying himself on the guitar sang a group of songs from the RCMP souvenir album, concluding with "Wild Rose Country," to conclude the program leading up to the Musical Ride.

## Town of St. Albert Clean Fill

The Town of St. Albert will accept clean fill at the new Public Works Building on Riel Drive.

Material Acceptable: Clean Earth, concrete, concrete blocks, asphalt and brick.

## Town of St. Albert PROCLAMATION

By virtue of the authority vested in me pursuant to Section 237 of the Municipal Government Act being Chapter 246 R.S.A. as amended, I hereby proclaim Monday, August 5, 1974, to be a Civic Holiday in the Town of St. Albert.

Dated at St. Albert this 17th day of July, 1974.

R. M. GIBBON,  
MAYOR.

## Town of St. Albert Parking Changes In Downtown Area

Effective August 6, 1974 angle parking along Perron Street will be changed to parallel parking with the exception of the section from the bridge to St. Anne Street on the west side.

The above change has become necessary in order to improve the safe movement of traffic along Perron Street and to accommodate the Transit System's operation particularly in regards to bus stops.

R. L. BYRON,  
Administrator.

## Town of St. Albert

### Notice to Ratepayers

Council for the Town of St. Albert has given first and second reading to Bylaw 25/74 which provides for the licensing, regulating and for the confinement of dogs and other animals. The intent of the bylaw is to restrain the running at large of animals and regulations and fines are part of the bylaw to enforce its provisions.

The bylaw may be examined between the hours of 9:00 a.m. and 4:30 p.m. at the Town Office and in the Public Library between the hours of 10 a.m. and 8 p.m. Written comments on the proposed bylaw will be welcomed by Town Council but must be received before noon, August 8 and will be presented to Council at its regular meeting on August 12 prior to the bylaw being placed for third reading.

## Rangers and Guides enjoy trips

A number of local Rangers and Guides qualified for trips to major events under the Girl Guides of Canada program this summer.

Chris Telfer has recently returned from a month in Switzerland, based at the International Guide Chateau

where girls from around the world were involved with camping, hiking, visiting alpine villages. Chris also spent some time in Amsterdam and in London.

Elleu Telfer, of 1st St. Albert Rangers is attending the Nova Scotia event in the

1974 National Lightweight Camping program July 24 to August 12. The girls visit Halifax, Lunenburg, Wolfville, Blomidon Provincial Park and the Fundy shores. The program covers a wide range of outdoor activity including cycling, sailing, camping,

deep sea fishing and exploring the areas visited both geographically and historically.

Kathy Engel, also of 1st Rangers will take in the Ontario Event under the same program. This group of girls will be in Ottawa, Algonquin Park, Barry's Bay, Camp Ashwene, Cochrane and take the Polar Bear Express to Moose Factory, then by bus to Camp Carleton, North Bay and back for a visit in homes in Toronto. Requirements for acceptance into either Event were a minimum of two out of a possible five Ranger Challenges. Both Ellen and Kathy have four Challenges: hiking, lightweight camping, back packing and orienteering, lacking only their ecology challenge.

Three other St. Albert girls, Bev Larsen of 1st Rangers and Linda Garrett and Sandra Yeats of 2nd Guide Company attended a three week camp at Fort MacLeod where they reported a truly rewarding camping experience in which close friendships were formed among girls from all over Canada, causing tears and moving good-byes when it was time to break camp.

## Pollution Study Started

A study into the reactions of pollutants in the atmosphere has been started by Dr. H. S. Sandhu for the Department of the Environment.

W. J. Yurko, minister of the environment, announced that a \$17,000 grant and secretarial services have been made through the department's research secretariat to fund the eight month

study.

Much work has been done around the world on the reactions of air pollutants, particularly in the Los Angeles area regarding photochemical smog, but little has been undertaken which considers the extreme meteorological conditions found in Alberta.

In his research proposal, Dr. Sandhu noted "that it is high time to assess the role

of photochemical air pollutants in the airshed over Edmonton and Calgary."

Dr. Sandhu's study will concentrate on what happens to nitrogen dioxide, a pollutant produced by high-temperature combustion such as in motor vehicles and thermal power generation.

Findings from the study will be of assistance in the development of air pollution models for Calgary and Edmonton, a task now being undertaken for the department by Western Research and Development in Calgary.

Dr. Sandhu, who received his doctorate in chemistry from the University of British Columbia, has recently been with the chemistry department and the meteorology division of the Geography Department at the University of Alberta.

# COMMENT

## Social Costs: The Shopping Centre Development

On Wednesday, July 24th the St. Albert Town Council held a "secret" in-camera meeting to discuss the merits of three separate shopping centre proposals. On Thursday, July 25th a detailed account of the meeting was set forth in the Journal. The Journal stated that: (1) the Shapiro proposal located next to the St. Albert Inn was "unanimously approved by Council;" (2) the details of the shopping centre had to be "hammered out" in negotiations between the Council and the developer, and (3) FINAL APPROVAL of the site was set for a regular Council meeting August 12. It was casually mentioned that the parcel of land slated for development was presently zoned residential comprehensive and would have to be rezoned to commercial. Mayor Gibson is quoted as suggesting that development in question would be comparable in size to the Northgate Shopping Centre. It seems apparent from the Journal's account of the "secret" meeting that the Town Council is determined to apply a variant of its Snyrdere planning techniques to the shopping centre development. First, the Council refused to act on the Planning Committee's request for a public meeting to discuss the benefits and costs of each location. (This would have given the people in Grandin who are most grievously affected by the present shopping centre an opportunity to examine the other two alternatives. Or at least to see how the developer proposed to locate a shopping centre next to their homes without substantially reducing their property values or their existing standard of residential life.)

Secondly, the Council ensured that the people of this community could not determine the basis on which their decision was made by holding the meeting behind closed doors. (The traffic problems that will be encountered by adding a "Northgate" type development along Highway 2 is enough of a problem in and of itself, to cast doubt on the feasibility of any of the sites). Thirdly, the Council seemingly has little compunction over rezoning areas from residential to commercial usage. (The Public Hearing over the rezoning appears to be only a formality, given the Journal's report from its anonymous source that "final approval is set" for the August meeting).

It is suggested that this type of strategy on the part of the Council is unacceptable to the majority of the residents in the community. Everyone who traverses St. Albert Trail has more than a passing interest in major developments which substantially add to the traffic congestion. Anyone who could end up living near a proposed shopping centre deserves the right to: (a) be thoroughly informed; and (b) granted the right to a fair and impartial hearing before the decision is made to approve the development, not after the fact.

A number of the residents of St. Albert are apparently of the opinion that additional retail shopping outlets are required. However, they may or may not be enamored with a proposal to build a shopping centre designed to serve a population between 50 to 100,000 people along the Trail.

It is suggested that the Council has the opportunity

to rectify matters. The Council, as opposed to the Committee of the Whole, should ensure that approval is not given to any site until each developer has presented a detailed proposal in a series of public meetings. This would allow both the public and/or the Council to obtain some badly needed information. After the developers meeting or meetings are held, the date for a meaningful public hearing could be set. The Council's final decision under this type of a format would then be based upon a reasonable understanding of the social and private costs that the three alternatives hold for various residents.

It is useful to note in closing that if the Council decides to proceed with the shopping centre it should ensure that the rezoning is conditional upon the developer signing a comprehensive development agreement which includes a number of the points raised by the Town Planner in the north-west sector plan. In effect, once the shopping centre development agreement is signed the developer has "locked-up" the major portion of the retail business in St. Albert for decades into the future.

A portion of the initial windfall gain obtained from the rezoning should accrue to the residents in order to offset increased capital expenditures on standard municipal services stemming from the development. It is suggested that a more substantial portion of these profits should be re-directed towards the acquisition of more badly needed recreational facilities. (Recent agreements in Edmonton have involved a swimming pool and parkland).

R. H. M. Plain, (Ph.D.)

President of St. Albert Planning Committee.

## Accidents up in first five months

Accidents have increased by 17 per cent over the period of January to May as compared to the same period last year. Injuries and deaths are down 20 per cent and 12 per cent respectively. Reportable accidents, those which result in injury or death, or property damage of \$200 or more, reached 7,923 in Edmonton to the end of May. This is a decrease of five per cent. Calgary has

recorded an increase in reportable accidents by 29 per cent over last year. The remaining Alberta cities all report increases.

Edmonton traffic injuries stand at 844 to the end of May. This figure is a decrease of 46 per cent compared to last year. Edmonton deaths reached 21, up two from a year ago. Calgary has 18 deaths, no change from the same five month

period in 1973. No other cities suffered fatal accidents. The RCMP reported 105 deaths.

Although the season has only been underway for a short period, in April and May, four deaths were reported which involved motorcycles and bicycles. Three on motorcycles and one bicyclist. By the end of May of last year, 13 deaths had occurred, seven on motorcycles and six on bicycles.

The May total of Alberta deaths as reported to the Alberta Safety Council indicates 61 persons killed - 35 drivers, 21 passengers, four pedestrians, and one bicyclist. The previous time on record when traffic deaths reached such a high figure for a one month period was in August 1969 with 63 deaths.

Property damage by the end of May reached \$20,388,500 an increase of four million over last year.

## Foster parents rate changes

Rates paid for the care of Alberta foster children have been changed to allow foster parents more freedom in budgeting.

The changes, effective June 1, provide an all-inclusive maintenance rate which cover clothing, spending money and incidentals as well as basic food and shelter.

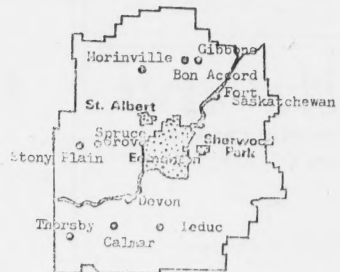

Before June 1, the province's 3,000 foster parents received clothing allowances and spending money allowances which were calculated separately from the basic

maintenance rate. For incidentals such as haircuts, presents and cosmetics, foster parents had to submit a receipt if they were to be reimbursed.

In addition, a new age category has been created. Previously, children from 6 to 11 years old were grouped in one category and were covered by the same maintenance rate. However, 8 to 11 year olds have now been placed in a separate category which will provide a slight increase in foster care rates.

"Well, they don't look like an endangered species to me."

## Public Notice

### Are You Concerned about the Future Growth of YOUR REGION? ? ?

The Edmonton Regional Planning Commission has undertaken a study of growth in the Edmonton sub-region. As one part of its public participation program, the commission intends to interview a cross section of citizens in this study area. THE COMMISSION WOULD APPRECIATE RECEIVING SUGGESTIONS OF PERSONS TO INTERVIEW. The purpose of the interviews is to gain a comprehensive understanding of the concerns people in the region have about future growth and to learn what type of future development they would prefer.

If you wish to make suggestions or want additional information call 429-6821 or write:

## AROUND TOWN

The residents of the Youville Home were treated to a special performance of the Huck Finn Show on Wednesday, July 24th. The group had little trouble in getting crowd participation and at one point had members of the Youville staff up on the stage complete with wigs and costumes, to join in on one of their numbers. The favourite tune of the afternoon was the Badger Song.

All of the patterns formed by the riders in the Musical Ride require utmost control and confidence. The pattern picture above, called the Carousel, is no exception. Long hours of rehearsal bring the Ride to the standard its performance must attain before departing on tour. Spectators at Monday's performance of the Musical Ride were treated to demonstrations of this and the other figures which enable the rider to gain confidence and complete control of his mount.

## Balance your vacation with ROYAL CERTIFIED SERVICE

A service that is designed with your vacation in mind — unlimited chequing — cheque cashing coast to coast — overdraft protection — Royal Bank Charge — no commission on travellers cheques and a \$7.50 certificate towards the rental of a safety deposit box to store your valuable papers for safekeeping. These are only some of the benefits of Royal Certified Service — a big bargain at only \$3.00 per month.

When we say "Bon Voyage" we can help make it happen with Royal Certified Service as your travelling companion. Come in and ask about the advantages of the twelve banking services you are most likely to need all in one package with Royal Certified Service.

We'll help you keep those promises you've made to yourself.

## City Seniors visit St. Albert

On Friday afternoon, July 29, a full bus of seniors from the Society for the Retired and Semi-Retired from Edmonton spent an afternoon of sightseeing in St. Albert.

After lunch, in the pleasant surroundings of Lions Park they stopped at the Lacombe Museum, where

Mrs. Lily Szuba boarded the bus and on behalf of the local club welcomed them to St. Albert.

The visitors posed several questions to her regarding the seniors in St. Albert; such as where is the senior centre, is there a lodge here, how seniors cope with the transportation, etc. Mrs.

Szuba answered them briefly and said that a senior centre is in the plans sponsored by the town and local organizations through government grants. The visitors greeted the idea with a round of applause and wished all concerned every success.

**SENIOR CITIZENS PICNIC**  
Senior citizens please be at the Community Hall - 10 a.m. on Sunday, August 4 where a chartered bus will be waiting to take you to Elk Island Park.

The Lions Breakfast Club are hosting a picnic of fun, games and luncheon for seniors, so please be on time for an enjoyable outing.

## AROUND TOWN

Mr. Phillip Wagner, a resident of St. Albert, took third place in the Department of Culture, Youth and Recreation Playwright competition in the Adult One-Act category. The play is a black comedy entitled 'King Conga Comes to Town.' Mr. Wagner is employed by CBC in Edmonton and intends to take a M.F.A. in Fine Arts at the U of A.

## Water supply program re-established

Alberta's Minister of Agriculture, Hugh Horner, announced the re-establishment of the Water Supply Program which was suspended at the beginning of this year because available funds had been used up.

A total of 4,350 applications for grants under the program, representing \$1,870,000 have been processed to date, which averages out to \$450 per farmer. Although these grants have been used up all the funds that were budgeted for distribution in both 1973 and 1974, Dr. Horner says he has now arranged for additional funds to cover the year. He expects that more farmers will be able to take advantage of the program this year than were able to do so last year.

The purpose of the livestock water supply program is to create incentives for farm diversification through livestock production and through the provision of both financial and technical assistance to farmers who want to develop or expand their present water supply system.

The grants, available under this Arda Program, cover 50 per cent of the costs, up to a maximum of \$50, that a farmer incurs when

establishing or developing a water source, installing pumping and pipelines systems, ditching for pipeline, well digging, etc.

Further information on the program can be obtained from district agriculturists and regional agricultural engineers.

## Grandin Park Furniture Ltd.

The Edmonton All Girls Ambassadors Marching Band demonstrated some of the form that gave them considerable recognition at the world finals in Europe. The girls did a number of routines which were greatly appreciated by all at the Musical Ride performance on Monday night.

## RECREATION HIGHLIGHTS

### TENNIS:

On August 3, 4 and 5, the St. Albert Tennis Club will be hosting for the first time the annual Edmonton and District "B" tournament at the Mission Park tennis

courts. Use may also be made of the courts on Sunset Blvd. for some games. The courts will therefore not be available for public play on these dates, but anyone interested in tennis and

in watching a high calibre of play should make a point of going to the courts; spectators will be very welcome.

Juniors interested in the game are missing a great opportunity if they don't attend the Mission Park courts during the day when Colleen Neeland and/or Bill Keech are there to supervise the courts and the clubhouse and give assistance. Adults, of course, can also get guidance and some coaching. On Monday and Wednesday afternoons any time between 2 and 4 p.m. the juniors get special attention.

**JOINT USE:**  
Application forms for the use of accommodation under the terms of the Joint Use Agreement are available at the office of the Recreation Department in the Town Hall. Officials of organizations wishing to apply for accommodation next year should pick one up, complete it and return it as soon as possible.

### HOW MANY PRESCRIPTIONS IN YOUR HOME?

If you are an average family, recent studies have shown that the number of prescription containers in your home will range from five to eight.

### WHERE DO PEOPLE KEEP THEIR MEDICINES?

In the great majority of homes, over 80% of medicines are kept in more than a single place. But, when a single storage place was used the kitchen is almost twice as popular as the bathroom medicine cabinet.

### ARE LABELLING AND STORAGE CORRECT?

Usually not. Unlabelled medication of one sort or another can be found in most every home. And in the majority of homes good storage methods, to prevent product deterioration, are not practiced.

### HOW LONG ARE PRESCRIPTIONS KEPT

Most of them are kept around for too long. This is dangerous because many medicines can lose their potency even when stored properly. And, an old medicine when used for "similar" symptoms of a past illness may in many cases cause great harm.

### WHAT SHOULD YOU DO?

The best advice we can give you is to exercise good common sense. Keep all medicines in a single safe place out of reach of children. Immediately discard any medication if the label is lost and/or you are not sure of proper storage requirements. Don't use an old medicine to treat yourself for a new illness without first checking with your physician. Sometimes only a phone call will be necessary.

## Vimy Blues win Legal tournament

Vimy Blues behind the strong pitching of Roger St. Arnaud and the home run support from Yvon Billo-deau, Darcy Baert, Pete Provencal and St. Arnaud defeated L'Inaria. Flyers 17-12 in the final game to win the annual eight-team Fete au Village baseball tournament.

Saturday's opening game saw Vimy score a close 7-6 win over Lamont with Roger St. Arnaud going all the way on the mound. Ben Accord scored three seventh inning runs to take out Westlock 7-4 with Barry Mandrusiak helping out with a home run. Hometown Legal Motors scored an easy 10-1 win over Plamondon while the final game of the day saw Greg Polis (St. Louis Blues) hit a towering home run over the centrefield fence in the fourth inning to defeat Morinville 1-0. Polis was also the winning pitcher.

In the semi finals Sunday, Vimy Blues with Yvon Billo-deau (Washington Capitals) on the mound came up with a 5-2 win over Ben Accord to advance into the finals. Legal started off strong against L'Inaria leading 2-0 after five innings. L'Inaria then put their bats to work in the next three innings and came up with 12 runs to win going away. Al Balen and Merl Baird had three run homers for the winners. Greg Polis was the winning pitcher while Willie Schmitter took the loss.

The final between the Blues and Flyers was a pitchers nightmare not to men-

GREG POLIS  
(3 home runs)

tion the strain on the respective coaches. Blues jumped into an early 2-0 lead on a two run single by Clem Fagnan in the third inning. Flyers came back in the fifth to score six runs as they chased Blues starter Pete Provencal from the

mound. Polis had a big hand in the inning with a three-run homer. Blues refused to die as Darcy Baert and Yvon Billo-deau both hit towering home runs in the fifth to score five runs and knock L'Inaria's starting pitcher Len Garro out of the box. Blues led 8-6 after five complete innings.

In the top of the sixth L'Inaria again put the lumber to the ball and scored five runs to again take the lead by a 11-8 score. Blues came up with nine runs in the last of the sixth for a 17-11 lead as Roger St. Arnaud and Pete Provencal hit home runs. Polis scored the games final run in the seventh with another home run, his third of the tournament, to end the game. Blues lost a 12-8 decision to Morinville last year in the finals.

## Bantam Football Practice

The St. Albert Avengers bantam football team under the sponsorship of Carma Developments will open their 1974 training camp this Saturday morning at 10 a.m. sharp at Lorne Akins Junior High School.

Head coach Rick Suggitt is pleased to announce the addition of Herb Fisher and Brian Monday to his coaching staff which includes last year's assistants Barry Suggitt and Jim McEln. Fisher was a coach with the Edmonton Wildcats junior team last year while Monday has been a member of the Husky Junior football team for the past six years. Both these

fellows will be a big asset to the team. The team has also purchased some blocking and tackling dummies which should greatly assist the boys in this area.

Suggitt is hoping to see 50 to 60 boys turn out for the squad which went undefeated in seven league games last year. All 28 positions are open for boys 12 to 15 not reaching their 16th birthday before January 1, 1975.

JIM HARRISON

AL HAMILTON

BRUCE MACGREGOR

Although the Edmonton Oiler office would not confirm or deny their players that would be playing on Team Canada 1974 there is strong speculation that Jim Harrison, Al Hamilton and Bruce MacGregor would be strong possibilities. Harrison and Hamilton are veterans with the Oilers while MacGregor is a recent addition from the New York Rangers of the NHL. All three should be a big asset if selected. The 28 player squad was to be announced today in a special news conference in Toronto.

By Larry Mitchell.

## SOVIETS SELECT SQUAD

The Soviet team:

Goalkeepers - Vladislav Tretvak, Alexander Sidelin, Viktor Afonin, Vladimir Korshakovich.

## Unearned run gives A's opening game in playoffs

St. Albert A's, league pennant winners in regular season play took the opening game in a best-of-three semi-final series 1-0 over the Spruce Grove Panthers Monday night in St. Albert. The lone run came in the third inning and unfortunately was unearned.

Jim Iure opened the inning by striking out but losing pitcher Wally Gamble then issued a walk to Jim Miller. The A's excellent centre-fielder Jim Kozak then laid down a bunt that Panthers catcher Don Bowman picked up and threw over first baseman Roy Singer's head and into right field. Miller hustled all the way from first to score and Kozak went to third. Gamble then got the next two batters to ground out to the infield.

Both pitchers were outstanding on the mound with Dick Bird probably being a little sharper with his control of the batters. Bird went the complete game allowing only one hit, a single to Cec Armstrong in the third inning while striking

DICK BIRD

DANNY ROBERGE

out eight and allowing only two walks. He never allowed a runner to reach second base.

Gamble gave up only three hits including two to the speedy Danny Roberge, struck out two and walked a pair.

The second game of the series was to be played Tuesday night in the Grove with the third game if necessary back in St. Albert Thursday.

In the other semi-final series in A division, Stony Plain Playboys came up with a close 3-2 win over Calahoo Chiefs last Thursday in Stony.

In B division playoffs Enoch scored a 5-2 win over St. Albert Inn with winning pitcher Vern Holland going all the way. Charlie Gervais took the loss. The second game of the series will be played in St. Albert tonight behind the church.

## Central Alberta Baseball

Morinville Manufacturers and Vimy Blues remain tied for top spot in the race for the Central Alberta Baseball League crown after 10 league games in the six team event. With five games remaining for each team, they have identical records of eight wins, one loss and one tie. Each team's lone loss came from the other team.

Bon Accord holds down

third place by one point over Rochester. Legal and Lamont will be out of the four team playoffs which will be played August 18 at the home of the pennant winners.

A rain-out game between Vimy and Morinville to be played early next week will no doubt decide who will take the pennant.

Games tonight see Lamont at Morinville and Vimy at Legal.

Thursday night Bon Accord will travel to Legal. Vimy, Legal, Morinville and Bon Accord are all entered in the annual six team Lamont tournament this weekend.

Vimy has had a tremendous season to date on the tournament trail coming up with four first place wins in six tournaments and finishing second in one and losing their opening game in the other. Their latest victory was a 17-1 win over Linaria Flyers in the Fete au Village at Legal.

League standings to date:

	W	L	T
Vimy	8	1	17
Morinville	8	1	17
Bon Accord	5	4	11
Rochester	4	4	10
Legal	2	9	4
Lamont	0	9	1

In the semi-final against Ponoka, Ed Kachowski went five innings allowing both runs. Bird pitched the last two innings.

## Premier visits Lacombe tournament

The Hon. Peter Lougheed, Premier of Alberta, took a couple of hours off from his busy government schedule last Wednesday to visit the 25th annual Lacombe Lions baseball tournament. Some 3,000 loyal baseball fans saw Mr. Lougheed's helicopter drop the popular premier on the pitchers mound and gave him a rousing welcome. The premier threw the ceremonial first pitch to CBC sportscaster Bill Good of Vancouver and formerly from the Lacombe area, Mr. Good

took a healthy swing but missed by a country mile. The positions were then switched and Mr. Lougheed drilled a single into right field to cries of "sign him up!"

A number of veterans who had seen each of the 25 series were introduced along with the Premier and Mr. Good.

Red Deer Generals scored a close 4-1 win over Calgary Jimmies to take first place money of \$1,700 and a silver tray presented to each member in honour of the 25th anniversary.

The Lacombe Lions presented Peter with an official baseball cap as a token reminder of his visit.

PREMIER P. LOUGHEED

## Sturgeon ladies golf news

Last week's competition winners were Betty Olesky and Anne Frechette.

Shirley Holman and Mary Barnes took in the Devon Ladies Tournament. Neither ladies came away with prizes but were close seconds. By all reports they enjoyed playing the Devon course and had a good day all around.

The Sturgeon Ladies Club Championship is well underway and is progressing smoothly.

Several women are getting teams arranged for the Marg. Ward competition, August 7 and 8 at the Broadmoor Golf Club. This is a provincial event.

## Chiefs lose to Ponoka

Calahoo Chiefs lost a close 2-0 semi-final game to Ponoka in the 16 team Whitecourt mens fastball tournament over the weekend.

Ponoka went on to defeat Whitecourt 7-2 in the final.

Chiefs opened the two day tournament on Saturday morning with a 6-0 win over another Whitecourt team with Skeaky Bernabe picking up the win. In their second

game on Saturday, Chiefs

scored a close 10-5 win over Fox Creek with the help of a home run by winning pitcher Dick Bird. Artie Stevenson pitched the first two innings and Bird finished off the game.

In the semi-final against

Ponoka, Ed Kachowski went

five innings allowing both

runs. Bird pitched the last

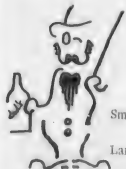

two innings.

Tennis court supervisor Bill Keesh gets in a little practice at the Mission courts. Bill lost in the final game of the Edmonton junior tennis championships held last week.

## Tennis A team stages comeback

The St. Albert "A" Interclub tennis team has made a comeback recently and players have now assured themselves of a playoff position. The team defeated Garneau 6-2 at home last Thursday night in their final league game thus putting them solidly into second place and out of reach of both Garneau and Derriek who each have one game remaining. The A's will play a home and home series against the Glenora during the week of August 4.

Judy Wood, the Edmonton district Interclub director, reports the Interclub standings as follows:

A League - 1) Glenora - 39, 2) St. Albert - 36, 3) Garneau - 27, 4) Derriek - 26, B League - (final standings): 1) Hillcrest 1 - 56, 2) Fort Sask. 1 - 44, 3)

Garneau - 40, Hillcrest 2 - 37, Glenora - 36, 6) St. Albert 1 - 30, 7) Derriek - 19, 8) St. Albert 2 - 16, 9) Fort Sask. 2 - 11.

Bill Keesh one of the tennis court supervisors for the summer, did extremely well in the recently completed City of Edmonton junior tennis championships held at the Garneau Club. From among the 32 entrants in the boys under 18 singles, Bill (who

was unseeded) made it to the finals (upsetting the second seed from the Glenora Club on the way) and was defeated in three sets 1-6, 6-1, 6-1 by Mark McIlven of the Glenora. Bill just returned from the provincial and prairie regional tennis championships in Calgary - in which he was defeated by seeded players from Calgary and Las Vegas.

## Edmonton Tigers take out Camrose

The Edmonton Tigers of the Alberta Major Baseball League defeated Camrose Cubs of the Sunburst League 11-0 Saturday and 5-1 Sunday in Camrose to take the best of three Alberta Baseball Association "Super Series" in straight games. Cubs won the Sunburst League series in a three game series with St. Albert Willowbrook Saints.

Tigers, managed by Ron Watamanuk of St. Albert, will now represent Alberta in the Canadian Senior Baseball championships to be held in North Battleford, Saskatchewan, August 7 to 11.

Saskatoon Royals edged Regina Red Sox 4-3 to gain the right to represent the host province Saskatchewan.

## St. Albert REC. NEWS

### SWIMMING:

Because of the extra classes scheduled, a few openings remain in most levels of instruction which will be held from August 12 - 23. Enquiries can be made about openings available by phoning the Recreation Department at 459-6601 - and there really are very few, in some cases only two. Openings also remain in the "Senior Plus" class which is intended to introduce children who have passed the senior level to a varied program of aquatic skills.

Very new residents to St. Albert may have missed the publication of the pool schedule in the Gazette some weeks ago; copies are available at the pool and at the Town Hall. In the meantime, their attention is drawn to the family swimming sessions which are held on Tuesdays and Thursdays from 6 to 7 p.m. and on Saturdays and Sundays from 5 to 7 p.m. with an additional session on Sunday mornings from 10 a.m. - 12 noon. Families only, please; parent(s) and their own child or children.

The Mile Swim held last Sunday evening was very successful. Two gentlemen who would surely admit to be somewhat older than the rest of the 25 participants finished the mile and it is hoped

that they will return on Sunday, August 25 when another Mile Swim will be held and make - even better time. There will be more about last Sunday's swim when the results are complete.

The attendance at the morning public swimming session from 7 - 8 a.m. is consistently very low and unless the attendance increases considerably, the session will be cancelled. This would be regrettable as a swim at that time is an ideal way to start the day and even at its "busiest," the session has never been crowded. So don't lie in bed thinking about it, get up and go swimming - we're already half-way through the summer.

Residents are again reminded that the Town is not responsible for articles left or lost at the pool.

### YOUTH EMPLOYMENT:

Students, and especially boys of 16 years of age and over (of which there seems to be a scarcity) can register for casual employment at the Youth Employment Office in the Town Hall between 8:30 a.m. and 12:30 p.m. or phone 459-6601, extension 68. Householders and businessmen looking for casual labour can also contact the office during the same hours.

### PLAYGROUNDS:

The playground program

for the five's and over continues to be popular. Supervised activities take place between 10 a.m. and 12 noon and from 1 - 5 p.m. at the rink shelters at Grosvenor Park, Braeside and Mission and Salisbury Parks.

Please note that the playgrounds will be closed on Monday, August 5.

On Friday, August 2, a puppet show, sponsored by the Federal Department of Consumer and Corporate Affairs and designed to make children aware of basic safety rules will be coming to town. All the children who normally attend the Braeside playground on that day will go to the Salisbury Park playground on Friday morning when the show will start at 10:30 a.m. In the afternoon the show will be given at Lions Park at 2 p.m. and the children who usually attend the Grosvenor Park and Mission Park playgrounds should go there instead.

Apart from the town-sponsored playgrounds, Lions Park is also being supervised this year during weekdays from 10 a.m. - 5 p.m. under the Provincial Government S.T.E.P. program. Children going there can enjoy under supervision, both structured and unstructured activities: arts and crafts, games and use of the playground equipment.

## Announcing The ST. ALBERT CONNECTION

The good people of St. Albert got their own Block Bros. office today. So, St. Albert is now plugged into the largest real estate service in Western Canada.

Which means that, if you want to sell your St. Albert property, you have more than just other St. Albertans for a market. More than just other Edmontonians, too.

You have all of Western Canada to sell to, through the Block Bros. Catalogues. This is the best listing service of its kind in North America, and, as a selling tool, you can't beat it.

The Block Bros. Catalogues are distributed to over 50 offices in British Columbia and

Alberta. Over 1200 Block Bros. salesmen get fresh new up-dated personal copies every week.

If you want to see what the catalogues are doing to help some 5000 other Western Canadians sell property, come into our new St. Albert office at 121 Sturgeon Shoppers Plaza.

The coffee's on us!

# Things To Do

## Binkley & Doinkel here on Friday

Binkley, Shella MacDonald; Sniffer Doinkel, Frank Turner; R. Pugsley de Pugh, will be in St. Albert Friday with their delightful puppet show on safety, especially suited to children in the 5 to 10 age group.

Two Alberta students are touring Alberta for the federal government sponsored puppet show for children. Frank Turner a drama student with experience in children's theatre was with the show last year and Shella MacDonald introduces a musical note to the Adventures of Binkley and Doinkel. The students are trained by Noreen Young, designer of the puppets who has also created characters for the CBC television program Hi Diddle Day.

Children can enjoy the show in St. Albert on Friday morning, 10:30 o'clock at the Salsbury Park playground, or at 2 o'clock Friday afternoon at Lions Park.

The delightful young visitors from outer space have much to learn about keeping safe on earth; hands of poisons, bike safety, warnings about flammable and corrosive products and so on. To thicken the plot a bit they have also to face the evil intentions on Pugsley de Pugh, the villain of the piece, but thankfully they have an ally in Sniffer the

dog, whose courage and good sense will save the day.

The shows last a half an hour and afterwards the children will be given safety expert awards and comic books which repeat safety tips. This is the second year for "Adventures" who tour under the Department of Consumer and Corporate Affairs.

## AROUND TOWN

Two St. Albert gals picked up the gate prizes at Fete au Village last weekend, \$25 each for Mrs. Edmond Rolland and Mrs. J. P. Roy. Madeline Roy had given her friend Denise Gamache her ticket to hold and was committed to taking Denise to lunch if she won, and Tuesday was the day.

St. Albert was well represented in the Fete au Village parade with the attractive Community League float. Driver was Albert Lesburg and seated on the float were other members of the Community League Tour, President Henry Terrault and Claire, Alice Kluthe and Odile Lesburg. Next ambassador tour for the float is Barthead.

## New comedy act starting at St. Albert Inn

"You don't have a problem in the world if you are laughing and if you are laughing and I am making you laugh, neither do I," says Roy Starr, a very funny man who is currently appearing in the Grandin Dining Lounge at the St. Albert Inn. "I like to call myself a comedian who sings rather than a singer who tells jokes which is a major difference."

Roy was born in Brooklyn New York, and lived there practically all his life until 12 years ago when he moved to Rochester, New York, still his home. "The only time I am relaxed is when I am on stage. I am just in another world. I love and respect people so much that it is my way of sharing myself with them. I really feel that I have a purpose in life and that is to share myself," said Mr. Starr in an interview Monday night.

The task facing a comedian is extremely demanding. He or she must get up on stage and entertain a variety of people and please them all or else the show

does not go over whatsoever. "It can take only 30 seconds to lose an audience which has taken you an hour to catch. It is important to realize that," Roy emphasized. "A waiter can send a tray or something. A comedian is one of the few performers who not only wants to get undivided attention, he or she demands it to make the act successful."

Roy admits that he is a high strung person. Off stage he is very agitated until he feels that things are ready for him to go on. "Like a high strung race horse that needs walking before a race I sing a song before I go into my act which may take only 60 seconds. After I do that I am ready."

"In the clubs I work a little risqué, I guess, but I think it is in good taste. I never swear on stage and have never done. I never think of the jokes as dirty jokes, they may be risqué but not dirty. I judge it by thinking that the audience is in my living room, I am not in theirs. If I was in theirs I would be a little bit careful. My philosophy

is that if I don't think that my mother could hear the act I don't do it. I approach all the jokes like a little boy and I strive very hard not to offend anybody. If I do, I do it unknowingly."

"I like the born loser stories. Like there was a born loser sitting on an airplane just before it takes off. He sets a premonition that something terrible is going to happen so he gets up and gets off the plane and goes back into the airport. So the plane takes off and flies away but the airport blows up. You can't be more of a born loser than that."

Roy has a lot of confidence in the men who are working with him at the St. Albert Inn. "I've got Dick Filten on drums, Hank Demarco who is my musical director and he plays sax, clarinet, and flute, and a young fellow I met at the Klondike Promenade on Sunday who is only 19 years old and has never played other than with the group of university students he was playing with there. His name is Marvin Koch and he plays piano and organ. With Hank's help he should be the best in these parts in about six months," concluded Mr. Starr.

The act will be on at the St. Albert Inn's dining lounge with two comedy shows a night and dance sets for those who indulge. During the week the shows will be from 8:30 to 12:30 and on Friday and Saturday the show will go from 9 to 1. "For those people who always seem to get to a place late, we are going to have an act at the end of the show instead of a dance set. A lot of times people get to a place late and miss out on the show so this is for them."

Mr. Starr states that his objective is to entertain and he is very excited with the show he has set up. He is completely committed to pleasing his audience and tries his utmost to fulfill this aim. He will be appearing at the St. Albert Inn for two weeks beginning Monday, July 29.

The St. Albert youngsters who have been participating in the Bilingual playground at the Town Hall have discovered that learning French can be fun. The program is operating under the auspices of the St. Albert French Canadian Social Committee and is an extension of the bilingual story hour which has been operating at the library. As many as 12 kids have dropped in to participate, playing games and singing songs in French. In the centre of the picture is Mrs. Florence Lefebvre, adult co-ordinator. At far left is Monique Audy and at far right is Lori Bezenar. Both girls are acting as supervisors for the Bilingual Playground.

## London hotels sky-high

Prices in Britain for shoes, dresses, meat and toiletries all seem equivalent to Canadian prices, writes Arnold Edinborough in The Financial Post. Hotel prices in London are sky-high. The Inn-on-the-Park, for example, is 25 per cent night for a twin-bedded room with bath - that's about \$60. We travelled widely in both Scotland and England. At no time did we have any problem about getting our rented car filled with gas, although the press said a lot of filling stations were out of gas in the areas where we were. We never had problems about accommodation (which reflects a drop in tourism, especially from Canada and the U.S., because of air fares). We stayed with friends whose life seems at a slower, more even pace than

our own. Central heating is more in evidence, two cars are not uncommon, and most people have had holidays in the Mediterranean sometime in the past two years. Harrods is still one of the best shops in the world, and straight-malt Highland whisky is still made at 105 over

proof. Of course, it rained a good deal of every day (especially in Scotland), but when the main hotel on one island of North Uist advertises in its brochure that it has "two complete drying-rooms," you don't expect it not to.

## Fishing report

Hope Lake is good for Pike and Perch but poor for Walleye. Chump Lake is fair for Pike and Perch. Skeleton Lake is good for Pike and Perch. Baptiste Lake is yielding good catches of Pike, excellent catches of Perch and fair catches of Walleye. Island Lake is good for Pike.

Kehewin Lake is yielding good success for Pike and Walleye. Minatoken and Muriel Lakes are good for Pike. Moose Lake is good for Pike and Walleye and fair for Perch. Wolf Lake is good for Pike and fair for

Walleye while Solbert Lake is fair for Pike and poor for Walleye.

Twin Lakes is continuing to produce fair to good catches of Rainbow Trout and Trout are biting on both flies and small lures. Streams and rivers in the Manning area are producing some Walleye, Pike and Goldeye. Some Arctic Grayling are being caught in some of the tributaries to the larger rivers.

ROY STARR

## Canadian Airlines announce domestic fares increase

Air Canada and CP Air have filed a new domestic passenger tariff providing for an average 9.5 per cent increase in fares to be effective July 21st.

In making the joint announcement, the two Canadian airlines emphasized the deep concern of the aviation industry as a whole over the impact of the tremendous increase in the price of aviation fuel in particular and of mounting operating and ground costs in general. Air Canada's fuel bill alone is expected to increase by approximately \$70 million, while CP Air forecasts an increase of \$23 million.

The cost spiral has already resulted in three fare revisions this year on the North Atlantic with agree-

gate increases ranging up to 30 per cent depending on route and fare type. The proposed increase in domestic fares, combined with the 10.5 per cent rise in February, brings the aggregate domestic increase in 1974 to 20 per cent.

The airlines pointed out that the 1974 domestic fare increases are the first since March 1971. They also emphasized that air fares in Canada would continue to be comparable to fares in the United States, Europe and on the North Atlantic.

In their joint statement, the two Canadian trunk carriers said that they would continue to hold fare increases to the lowest practical levels and to place as little burden as possible upon the consumer.

While the new tariff will

increase all domestic fares, it will not affect the diverse structure of discounted fares first introduced in 1972 and designed to encourage tourism within Canada and to divert some traffic to off-peak travel periods.

The basic fare will continue to be economy class with premium first class travel remaining at 145 per cent of the new economy rate. Discounts for both short and long-haul, off-peak travel will also stay unchanged at 30 per cent of the economy fare, while the discount for youths travelling on standby will be 20 per cent and for senior citizens with confirmed reservations at 10 per cent. Family plan and group travel discounts also remain as part of the tariff.

Canadian history must have seemed rather insignificant to the three young Japanese girls who visited St. Albert last Friday. Accompanied by the Watkins family who are former residents of St. Albert, the three girls were given a tour of the Father Lacombe Museum at the Roman Catholic Church. The group are, from left to right: Maureen Watkins, Mr. Ray Watkins, Tarue Harumoto (Osaka, Japan), Mrs. Bernice Watkins, Yoko Mizumoto (Tokyo), Tomayo Takeuchi (Osaka), and Joanne Watkins.

### AROUND TOWN

Dug Kane of 40 Lester Crescent was somewhat surprised when three of his friends dropped into one of the locals in Sunny Pentleton on Friday.

Dug had been vacationing there for a few days, when Bob Carlson, Larry Rindero and Robert Coles flew down to spend the weekend with him. They report fine weather and a real fine time checking out all of the Okanagan's notorious attractions.

Mr. Coles flew back on Monday, just in time to put out this issue. The other two holidayers will accompany Dug back to St. Albert later this week.

## Witness convention goes this weekend

Jehovah's Witnesses will assemble this summer at 35 'Divine Purpose' District Conventions throughout the United States and Canada. Additional assemblies will be held world wide.

John Segee, presiding overseer of the St. Albert congregation of Jehovah's Witnesses, said the conventions are designed to keep delegates spiritually enlightened concerning the times in which we live.

"The 43 representatives from St. Albert are looking forward with enthusiasm to the convention at the Edmonton Gardens in Edmonton, August 1 - 4. 'We will be among the nearly one-million persons that are expected to attend these conventions during June, July and August,' Mr. Segee said. 'At times people inquire whether Jehovah's Witnesses carry on their work behind the Iron Curtain,' Mr.

Segee added. 'The answer is certainly on the positive side. Our records show that there are 150,448 Christian witnesses of Jehovah preaching publicly under severe difficulties.

Mr. Segee said there are now 31,850 congregations of Jehovah's Witnesses around the world. We believe in imitating Jesus Christ and his life style and practicing religion based firmly on God's Word.

"Darling, tell me this isn't just another shipboard romance."

## Foreign beef causes C.C.A. concern

Chris Mills, secretary of the Canadian Cattlemen's Association, states that his organization is very concerned about the chaotic state of the world beef markets and especially the recent move by European Common Market countries to completely ban all beef imports for the next three months.

Mr. Mills said that though Canada exports very little beef, the concern of cattle producers results from the fact that relatively good Canadian price levels and a lack of any import controls on beef make Canada a very attractive alternative market for exporters cut off from their normal outlets. Much of this low priced beef will find its way into Canada and the U.S. at price levels probably well below the cost of production. Though this may not meet the legal definition of dumping, these legal niceties do not help the Canadian producer trying to compete with this low priced product while his costs continue to escalate.

The C.C.A. Secretary said that his Association had approached the Federal Government with a request that they explore means of ensuring that imports of foreign beef do not harm the domestic industry especially during a very difficult period in world beef trade.

Gordon Parke, president of the Canadian Cattlemen's Association, said that the organization is keeping a

close watch on U.S./Canada negotiations going on with respect to the ban on U.S. cattle entering Canada.

He said that his Association is in favour of a return to the concept of a North American market for cattle and beef but that Canadian producers must have also insurance that no cattle or beef imported from the U.S. has been treated with the hormone D.E.S. and also insists that the tariff arrangements between the two

countries are made more equitable.

Mr. Parke acknowledged that producers will be watching closely to see that the Canadian Government does not back from its insistence that U.S.D.A. officials certify all cattle coming to Canada as originating from feedlots where D.E.S. is not in use. He points out that the Canadian position is already a considerable compromise in favour of the Americans.

## Apply early for community hall grant

A \$3.5 million program to renovate and restore community halls throughout the province was unveiled recently by Premier Peter Lougheed.

Under the one year only program, community organizations in any city, town, village, municipal or improvement district in Alberta may apply for up to \$2,000 for upgrading of community centres.

Premier Lougheed said the program is intended to meet needs not already met by recreational capital grants, which are in excess of \$3 million annually and nearly \$1,100,000 annually in agricultural society grants.

The program allows for the renovation of existing facilities and conversion of suitable buildings into com-

munity centres. Community organizations will be able to apply for funds to cover costs of either materials or labor, and the grants will apply to newly constructed community halls.

Associations in this area may apply for funds to cover furnishing and equipment for these new centres, by having either the president or secretary get in touch with M.L.A. Ernie Jamison at 458-2340 or 459-3852 (resident) or by writing him at Box 263, St. Albert.

Quite a number of applications have already been processed in St. Albert and M.D. Sturgeon, and any others interested should get in touch with Mr. Jamison as soon as possible. The grants are for a one year only program.

The work of the members of Vimy 4H Needles Club paid off at Legal Fete au Village when they were awarded third place in the parade float section.

## weather advances crops

The James Richardson and Sons, Ltd., July 25 Grain Letter reports that in Al-

berta, the recent warm weather advanced crops rapidly but moisture conditions continue to remain variable throughout the province with the south and south-central districts in need of additional rain while the north-central and northern areas have more than adequate moisture. Precipitation in the Peace River area has relieved the earlier dry conditions and improved crop prospects there. Alberta's wheat crops currently eighteen inches high and one-half headed while the barley crop is one-third in head. Early estimates show the

wheat, barley and rapeseed yields to be 30, 45 and 18 bushels per acre respectively, and oats, flaxseed and rye 62, 17 and 25 bushels per acre.

The Canadian grain industry recently received a "shot in the arm" with the announcement by The Honourable Otto Lang that the Government will be financing the purchase of 4,000 new hopper cars for grain service. Al-

most half of these new cars will be lighter than the original 2,000 which will enable them to operate on secondary main and branch lines and they will be capable of carrying grain over the line to the port of Churchill. The first cars will be in service the final quarter of 1975 but most are expected to be in service for the start of the 1976-77 crop year.

## Around Sturgeon

Gerard St. Jean did a fine job on the information booth during Fete au Village in Legal over the weekend, finding parents for lost youngsters co-ordinating events and announcing events

In addition he managed to play the role of the comedienne - particularly when he forgot the microphone was still on and threw in a few 'off the cuff' lines.

## Watch for Berthas

Rapedecrow growers in the areas of Fairview-Wanham, Local 19/Winifred-Bon Accord and Strathmore-Drumheller are advised to be on the lookout for Bertha Army worm larvae which may be hatching in the area.

R. D. Dixon, head of Alberta Agriculture's Plant Industry Laboratory, says, light traps located in these areas have captured more armyworm moths than those located in other areas. He warns farmers to check fields on a regular basis, once a week, for the Bertha Larvae.

Mr. Dixon reports no evidence of problems with Diamond-back Moths, Alfalfa Loopers, or Clover Cutworms across Alberta. If any insect problems are suspected or are occurring in your area please contact your local district agriculturist.

## Northern Fishing Trip

From Page 1

was no one there to meet them. After asking around, they finally found the pilot and float plane that was to fly them to Albert Edward Bay. The pilot's flying skills were questionable. Upon arrival at Arctic Outpost Camps Ltd., they were introduced to the manager of the camp, who said "hello" 32 other people on the trip. There were no boats available, no cigarettes, no cocktail bar, no telephone and only one airplane. After getting settled in their cabins and went to bed. There were "similar to a granary with a tarp for a roof and four banks" they finally got a boat and guide and went fishing for one hour. This is the only time they had a guide.

Thursday they were flown to a different lake, where the fishing was fantastic. They caught up to 14 pound Arctic Char and 12 pound

lake trout. Some of the people reported catching up to 100 Arctic Char a day. The pilot of the pontoon plane spent most of his time flying people to different lakes, and scaring the men who were fishing by flying four feet above their boats. He crashed the plane three times that day, the third time standing the plane on its nose and completely wrecking it. This left the camp with no aircraft and people stranded at different lakes. These people had to walk back to main camp as late as midnight. This was also the day that one of the men had his finger cut off by the pilot slamming it in the plane door. Arctic Outpost Camps do not have a first aid kit, doctor or telephone communications of any kind. Therefore, this mandate not have his finger attended to until arriving in Edmonton on Saturday at midnight.

Friday, Albert and Floyd finally got a boat again, but had to walk to a different lake to get it. Most of the

boats were ancient and hard to start.

Saturday, Gateway Aviation brought in another load of fishermen, and to pick up the people who had been there the week before. However, they overtook the runway and blew a front tire on the plane. They spent four hours with a D8 cat pulling the plane off the runway and trying to fix the tire. They finally got in the air, and flew to Cambridge Bay, where they were four hours late for their PWA flight back to Edmonton. Gateway Aviation flew them back to Edmonton, six hours late.

All the people who were there, say "I've never been on a more disorganized trip, or been so scared in all my life. The trip to Cambridge Bay by PWA was very nice, the fishing was fantastic and the meals were good." However, not one of them would go back again. It was definitely a "Trip of a Lifetime," one that will not be forgotten.

Floyd Andersen at Albert Edward Bay with Arctic Char.

## THANK YOU

I wish to express my sincere gratitude to all those who worked and assisted during the campaign, and also to the citizens of the Pembina Riding for their expression of confidence.

Sincerely,  
Peter Elzinga M.P. Pembina.

\*Constituency offices are to be opened in the various areas in the near future. Watch this paper for further details. Please do not hesitate to call or write if we may be of any service.

## Sturgeon School Division No. 24

### School Aides Required

Applications are invited for full or part-time positions as school secretary and/or library assistant and for full-time teacher aides at the Nanao, Bon Accord and Gibbons Schools. Duties to commence on or about August 19. Applicants should phone 424-4270 and request an application form to be completed and returned on or before Friday, August 9th.

Walter J. Heppler,  
Associate Superintendent.

# MORINVILLE MEMOS

By Marilyn Pelletier

Weekend guests of Mr. and Mrs. R. Hansel were Mr. and Mrs. W. Hansel of Stettin.

We are happy to welcome back to Morinville after 11 years' absence, Mr. Henry Biddiscombe and family.

Mr. and Mrs. Arthur Chalfoux are now home after spending 10 days travelling through the Okanagan.

Mr. and Mrs. Richard Laschuk just returned after spending two enjoyable weeks camping in B.C.

Mrs. Melode Thibault and boys spent the week with Mr. and Mrs. Maurice Thibault of Deadwood. On her return she was accompanied by Anne-Marie Thibault and Bev Carlson.

Miss Bernice Chalfoux and Rosemary Warshawski spent a fabulous 10 days holidays on a tour which included Disneyland and other parts of California.

Mayor Art Stapleton and his wife Rhonda moved into their new home over the

weekend although workmen have some jobs yet to finish up. This kept Rhonda plenty busy, so Art represented the Town at the Legal Fete and Village parade and luncheon without his "feminine fatale."

Miss Joan Stewart of Winnipeg is here visiting Mr. and Mrs. Glenn Smith and family.

Mr. and Mrs. Harold Rockwell and son David left on July 22 for two weeks holidays. They planned on travelling through the Badlands on to Spokane and the World's Fair, then home via B.C.

Congratulations to Mr. and Mrs. Bill Hunter who exchanged vows at Grace Lutheran Church on Saturday, July 28 at 3 p.m. The reception was held at the Legion in Morinville where a delicious hot supper was prepared and served by the United Church Ladies Aid.

Recent guests of Mr. and Mrs. S. Piffo were Mrs. Emma Piffo of Kipling, Sask and brother Frank and family from Duncan, B.C.

Michael and Marilyn, Jacqueline and Michael Pelletier left over the weekend for a holiday in Eastern townships, Quebec and Vermont. Marilyn will be back on the news and advertising job on August 15. Meanwhile anyone having any news items may telephone collect to the Gazette, 458-2240, or send reports by mail to Box 263, St. Albert.

The Lions Club barbecue and dance will be held on August 17 at the International Building. Advance ticket sales only from Lions members. The price will be \$4 per person.

## SENIORS BANQUET

The Golden Age Club held a banquet at the Rec. Centre on July 25, 1974 at 5:30 p.m. There was a good turnout of senior citizens from all towns in the Sturgeon District. Among those attending were 25 residents of St. Albert, Quebec. The supper was followed by a sing-song and dance, which was enjoyed by all.

The Quebec guests are spending a few days in Morinville, staying in the homes of members of the Golden Age Club.

## Ag Society asks for help

The Central Agricultural Society in Morinville are making an appeal for volunteers to help with their current project.

They need people to sell tickets on the new Cricket car being raffled off on September 7, 1974.

The Society has a booth in Northgate Mall, August 1, 2, and 3, and again at Westmount Mall, August 8, 9, 10, and Londonderry Mall August 15, 16, 17. They would like residents of Morinville to sell tickets on the above mentioned days. If you don't drive, a ride will be provided.

Please contact Mrs. Robinson at 256-3133.

The hall above the foyer in the new Calahoo arena was a little quiet when this picture was taken Saturday night but within an hour there were some 300 people in attendance at the official opening. To the left of the people sitting down are huge plate glass windows overlooking the ice surface, which should prove popular to hockey fans in the area.

## Calahoo Arena Opening A Huge Success

By Liz McLeod

The realization of a dream came true for Calahoo's West Sturgeon Agricultural Society, began with a sod turning ceremony last December 12, 1973, and although hampered by bad weather, spring flooding and what not, the Society was formed with Mr. Stanley Walker voted in as president, Mr. Edmond Berube as 1st vice-president, Mrs. Pat Sobolewski as secretary and Mrs. Mary Victor as treasurer.

Along with the board of directors a lot of planning, headaches and such (something which always accompanies a worthwhile project) a determined effort on the part of many people culminated in what is now a steel structure for the hockey rink plus dressing rooms, bath-rooms and a beautiful hall above the foyer, complete with kitchen facilities where weddings, meetings, etc. can be held.

The huge gathering who came Saturday, July 27 for the first function held in this not yet finished arena were overwhelmed by the fantastic job which was done by so many wonderful people and enjoyed togetherness and fun dancing to the real good music by the orchestra.

When the time was right, Moe Berube called for order and then asked for Mr. Larry Mitchell who was master of ceremonies to come to the platform and welcome all to this celebration.

Larry (always a pleasure to listen to) had nothing but praise for the great job done by everyone who had anything to do with organizing and building this arena and then called on Stanley Walker to speak and he in turn thanked Mr. Ernie Jamison MLA who was instrumental in obtaining the government grants in the first place. Also Stanley was so pleased to see Reeve Willie Flynn and Councillors Clay Crozier, and Glen Berry as well as the bank manager and his wife, Mr. and Mrs. Gaudet from the Bank of Montreal in St. Albert.

Society members Steve and Pat Sobolewski, Ken and Brenda Coyes, (Brenda is now treasurer due to Mary's ill health), Henry and Kay Kolesar, Grant and Angie

Moellmann, Leo and Jane Verbeek, Erwin and Phyllis Rothweiler, Bernie and Ann Ross, Hector and Helen Quintal, Harold Christen, Randy Gaudet were all asked to stand and take a bow.

Then there were several absent like Bill Isbester, Art Swan, PeeWee and Pearl Quintal, Hubert and Dorothy Quintal, Barney and Bun O'Neill and Blackie and Mary Quintal who contributed much effort and when this arena opens in November they are planning a gala affair and a hockey game between arch rivals, Namsao and Calahoo.

At this point Mr. Bill Reynolds came forward and donated 20 dollars towards the project.

All in all a great time was had by all.

## Namao 4H Beef Club wins top prize

By Wendy Bowman

The Namao 4H Beef Club held its annual achievement and sale days on July 3 and 4 at the Sales Pavilion in the Edmonton Exhibition Grounds. It was a really great year for the Namao 4H's Kathy Berger not only won the club champion but went on to win the Interclub championship which was a real thrill for all the Namao members.

Placings for achievement day were - 1st Kathy Berger; 2nd - Terry Vaculichik; 3rd - Will Mitchell; 4th -

Gary Kluss; 5th - Tim Sweetnam; 6th - Wendy Bowman; 7th - Cathy Caruthers; 8th Brian Heese; 9th - Teresa Engley; 10th - Margaret Engley; 11th - Darren Pearce; 12th - Myrna Vaculichik.

Other placings that day were: Grooming - 1st Kathy Berger; 2nd - Wendy Bowman; Showmanship - 1st - Wendy Bowman; 2nd - Kathy Berger.

Wendy Bowman placed third with her pen of three.

On Thursday, July 4 the Northwest Region held its championship show. Kathy Berger was our big winner along with Will Mitchell. Will won several ribbons in the Beef Team Judging competition.

In the Record Book competition the top record book from each of the 10 districts

were entered. Wendy Bowman had the top book in Sturgeon and then went on to place second place in the overall competition.

Then the sad part came for these 4H's. Saying goodbye to their pets. Kathy Berger received 1.05 per pound - Safeway was the buyer. All together the Namao Club averaged .58 3/4¢ per pound which was wonderful.

The club would sincerely like to thank all the buyers - many of them being local people and in particular "Bellagies Farms" who purchased four of our calves.

On Sunday, July 7 Mr. and Mrs. A. Berger had all the 4H's and their parents to a nice dinner in the Sunny-side Hall. It was a great way to end the year.

## Namao News

By Norma Crozier

Namao United Church regular Sunday morning services will resume on Sunday, August 4 at 11:30 a.m. Namao U.C.W. will meet on Wednesday, August 14 at 1:30 p.m. at the home of Mrs. Daisy Craig. All interested ladies are invited to attend. Plans will be finalized for the Flower Show which will be held on August 24.

Fort Edmonton will hold its first Heritage Day on August 5. The Klondike Riders and the Namao Gymkhana Club will be putting on

a gymkhana and mounted square dancing show to help celebrate Alberta's and the RCMP Centennial. Everyone is welcome to attend. The Namao 4H Horse Club Achievement Day will be held Aug. 10. Next regular gymkhana day is August 11.

Mrs. Jack McLay acted as convener for Namao Day at the Oldtimer's Cabin for Klondike Days on Thursday, July 25. Ladies who assisted her were serving tea - Mrs. Alice McLay, Mrs. Betty Samis, Mrs. Viola Samis and Mrs. Doris Gibson. Hostesses were Mrs. Nellie Jamieson and Mrs. Violet Aulen. Pouring tea were Mrs. Isabel Crozier and Mrs. Hazel Martin.

## Dale Schafers horse shoe champ

By Liz McLeod

Calahoo is really on the map since Dale Schafers, playing in the provincial finals in Edmonton at the Horseshoe Association grounds on Saturday, July 27, won the A singles.

Then playing with Ross Stevens they won the A doubles also.

Joe and Martha Schafers are justly proud and were thrilled to watch their son be presented with a huge trophy cup which he'll keep for a year plus a smaller one to keep always.

Congratulations Dale and Ross!

## Robert Robertson passes

By Norma Crozier

On July 22, 1974, Robert Colin Robertson passed away at 41 years of age. Born in Edmonton, Alberta, he went to work for the CNR at 18 years of age and continued to work there for the past 23 years. As a boy he spent a lot of time on his uncle's farm helping with heavy Clydesdale horses which he grew to love.

In 1957 Robbie married the former Marilyn Barnett and they came to Namao in 1960 to make their home. For many years he has been a Steward of Namao United Church. An excellent mechanic he wanted to someday own an antique car.

He leaves to mourn his loss, his loving wife Marilyn, one daughter, Lanny and two sons, Colin and Robbie, all at home; his mother, Mrs. R. Robertson of Edmonton; and one brother, Tom of Clearwater, British Columbia.

A memorial service was held in Norwood United Church on July 25 at 7:30 p.m. with Reverend H. C. Black officiating and cremation in the Chapel of Chimes Crematorium.

# Gibbons Snow Queen enjoys award trip

By Shirley Steinwand

Miss Heather Fernley, Sno-Ball 74 Queen and her mother, have recently returned from an all expense paid trip to Calgary, Banff and Lake Louise. The trip was part of her winnings, when she became Sno Ball Queen, and was sponsored by Pacific Western Airlines and the Gibbons Recreation Board.

Before she left, Heather was given \$100 pocket money. Following is her description of their trip.

"We departed from Edmonton Industrial Airport at 3:30 Wednesday, July 3, 1974. In half an hour we were in Calgary International Airport. This was my first time on a plane and I enjoyed it very much. My mom and

I took a taxi to the Palliser Hotel, of downtown Calgary. We checked in and went to the dining room for dinner. The meals were very expensive. After supper we went window shopping. Then we listened to live entertainment.

The following day we took advantage of the luxury and had breakfast in bed. The room was very nice. It had twin beds, color cable TV and a large washroom. The next day we dropped our suitcases off at the bus depot. We decided to go down to the Calgary Stampede to look around the grounds. We went through the midway and looked at some of the exhibits. We then returned to the bus depot to board a Greyhound Scenic Cruiser to Lake Louise. The trip was long but the scenery was beautiful. We stopped at Banff for supper. We arrived at Lake Louise about 8 p.m. We cleaned up after our journey and had a good

night's rest.

The next morning we slept until 10:30 and then went for breakfast. We looked around the grounds and took pictures of points of interest. After we ate dinner, about 2:30, we shopped for souvenirs and looked in the small stores. We listened to the music in the dining lounge that evening.

The next morning our bus back to Calgary was two hours late so we didn't get to our destination till 12:40. We waited down to the airport only to find out our plane had just left and their wouldn't be another one for three hours. Mom and I had a long wait but we had fun. We arrived in Edmonton at 4:40. My mom and I both felt that the trip was an enjoyable and relaxing one. I feel that the Rec. Board of Gibbons has taken a great step forward in providing this trip for my mother and me. I would like to thank them very much.

## Gibbons

By Shirley Steinwand

The Gibbons 4H Garden Club held a garden tour for boys projects on Wednesday, July 24. Shane Allison and Dean Molner will be attending a plant seminar at Olds in August. Maureen McConnell will go to Wabamun 4H camp this summer, also. Achievement day for the club will be held on August 22 at the Gibbons Community Hall. There will be a program in the evening where the years work of the members will be displayed and awards will be presented.

The theme for this year's achievement day is the R.C.M.P. Centennial Year. Everyone is welcome to attend.

The Gibbons Recreation Board received a Recreation Capital Expenditure Grant in the amount of - \$1,692.95.

The Last Round-up (Gibbons Senior Citizens) held their regular meeting July 25 in the Legion Hut.

There was a very small attendance, only 14 members answered roll call. They were pleased to welcome Charles Brumfi, who is visiting in the village. After a few games of bingo and lunch, there were a few items of business. Mrs. Creeble read a letter of invitation from the Gibbons 4H Garden Club, inviting them to their achievement day. Mrs. Oliver suggested a day trip to the Lieutenant-Governor's residence on August 8, a two hour tour. Mrs. Eula Mabbutt suggested they take along a picnic lunch, also possibly taking in a museum.

The meeting adjourned early, as quite a few of the members were taking in the supper at Morinville.

## Allergies to insect bites

Re-issued from W. Klatt's office, District Agriculturist

A mosquito can send you to the hospital if you are allergic to the mosquito's saliva. However, you are more likely to have only an itching spot and even this may disappear quickly if you are immune. If you have lived for a time in an area where mosquitoes are present, you may become immune to the bites of local insects, but you may still react violently to bites of mosquitoes in a different area. The same pattern occurs with other pests, such as horseflies, deerflies, blackflies, and no-see-ums.

Similar behavior has been observed in cattle. New animals brought into an area may suffer violent reactions to the bites of blackflies or ticks, while animals already living in the area are hardly affected.

The reaction, and sometimes death, of cattle from blackfly bites may be due to a reaction of substances in the saliva with substances in the blood. After an animal has been in an area and bitten repeatedly, it becomes desensitized, or immune, to the particular toxin.

The substances present in the saliva of different kinds of mosquitoes, fleas, and horseflies have been examined to try to explain the "abnormal" sensitivity of animals. Even in a single species of insect, there may

be several different substances to which sensitized animals, or humans, react. Some substances are found in many species of insect while others are found only in one.

At the Lethbridge Research Station, we are using several species of horseflies from the prairies and from the mountains to study the mechanisms of sensitivity. We have found similar substances in the salivary glands of flies from both areas. However, the amounts of these substances differ more between the flies from the two areas than between species of fly within one area.

Eventually, it should be possible to develop vaccine to eliminate "sensitive" reactions to insects by man and animals.

Released by the Lethbridge Research Station.

## AROUND STURGEON

Larry Mitchell surveys the damage done by a rampaging Carrot Creek following the destructive July 11th storm. The bridge is about a mile north of Roger Brunelle's farm on a road running parallel to the Big Lake Road. The Gazette sports writer is still on crutches following a football accident May 20th.

## Locals from Legal

By Lucienne Montpetit

Fete au Village was a special weekend for the people of our community, but to a young couple it was more than that. Lillian Brisson received a beautiful diamond ring from Donald de Champlain. Congratulations to the happy couple.

Sincere condolences to Mr. Meyers who is mourning the loss of his sister Mrs. Gertrude Lockhart.

Mr. and Mrs. Frank Laberge, Doreen and Angelina Auger returned last Sunday from a holiday to Victoria.

Mr. and Mrs. Bill Ellin-

## Namoo 4H member receives award

Wendy Davidson of the Hesketh-Orkney 4H Beef Club and Rosalee Furber of the Eagle 4H Beef Club have won the Provincial 4H Essay Contest on "Wild Cat Control in My Community."

The runners up were Audrey Gibson of the Namoo 4H Clothing Club and Mathew Zukowsky of the Thierlen 4H Beef Club, each of whom will receive \$75 in cash from Alberta Agriculture.

Both Wendy Davidson and Rosalee Furber will receive an all-expense paid trip to Agriculture Canada's Central Research Station in Ottawa, courtesy of Agriculture Canada and \$75 in spending money from Alberta Agriculture.

Speaking at the Wild Cat Action Committee meeting in Lacombe, today, Harry Leggett of Agriculture Can-

son moved in their new home last week. The beauty parlor will remain in its present location till further notice.

If you don't want to go without a haircut take note that Louis Hairstyling has new hours effective August 1. Closed all day Monday, open from 9 a.m. - 6 p.m. Tuesday, Wednesday and Saturday 9 a.m. - 9 p.m. Thursday and Friday.

Congratulations to Miss Anita Cruz who exchanged marriage vows with Leonardo De D Campo on July 19 in St. Emile's Church.

Best wishes for a long and happy married life.

The Legal Bottle Depot will be closed from August 1 - 15.

Get well wishes are extended to Mrs. Albert de Champlain who is suffering from a broken leg and Raoul St. Jean who broke an arm rushing at the sound of the fire alarm. Some irresponsible youngsters sounded the alarm for a prank on Saturday night around midnight. The fire chief always prompt in responding, met with his misfortune.

Due to the long weekend the playground leaders will not be there to supervise on August 5.

Mr. and Mrs. Roger Bourrasa celebrated their 25th wedding anniversary recently. Best wishes for continued health and happiness.

The announcement was made jointly by officials of Alberta Agriculture and Alberta Culture, Youth and Recreation.

The Wild Oat Essay Contest was designed to focus attention on the serious wild oat problem in Alberta and to give 4H members an opportunity to develop their farming knowledge and writing skills.

Mr. and Mrs. Gerard Beaudoin from Seattle were visitors to Legal during Fete au Village with Mrs. Beaudoin's brother and his wife, the Roger Oullette and his friends Leo and Jeanne Maurier and others. The Beaudoins will also visit friends and relatives in St. Albert and Edmonton before returning later this week.

# Fete au Village in Legal

By Lucienne Montpetit

The 10th Fete au Village went into the record books as the biggest two-day celebration ever held. That's what happened here last weekend, when upwards of 9,000 people from the village and surrounding district residents got together for a wonderful summer festival.

The festivities started off with a bang when hundreds of people lined up for the street breakfast. The cooks couldn't flip the pancakes fast enough to keep up with the hungry crowd.

The weather was most favorable with the weatherman co-operating till the last "boom" of the fireworks, when it started to rain.

Parade marshal Marcel Dube came up with an outstanding parade again this year. Mr. Ted Bosse, Mr. Al MacRoberts and Mr. Keith Everitt, judged the parade. The winners were 1st - Legal Summer Playground; 2nd Pare Citadel Train; 3rd 4H Needle Club from Vimy. The trophy for the most original float went to the Legal Poncho Riders. Prizes for the best decorated bikes went to Adrien Pelletier; 2nd Barbara Allen; 3rd Dolores Tieulle and 4th George Allen. Marcel Dube wishes to thank everyone who put an entry in the parade making it the success that it was.

The gate prizes for Saturday and Sunday were won by two ladies from St. Albert, Mrs. Edmond Rolland and Mrs. J. P. Roy.

Following the big steak barbecue, Saturday evenings main attraction was the crowning of Mlle. Fete au Village won by Marie St. Martin. Last year's Mlle. Fete au Village Lorette Kleser gave her throne to the new queen. The master of ceremonies Margo Montpetit extended her congratulations to Marie and thanked those who had donated prizes for the queen and candidates, Simpson-Sears, Recreation Board, Grandin Flowers Ltd. St. Albert; Mrs. Carmen Morin - village Avon representative and Mrs. Annette Bruce, country Avon representative. Your generous gifts were greatly appreciated. Margo presented the judges Mrs. St. Arnaud from Fort Sask., Mrs. Farly and Paul Denis from Edmonton with souvenirs as a token of appreciation.

The cabaret was a tremendous success with a full house again this year dancing to the swinging music of the Satellites.

The pancake eating contest winners were Wally Fizer and Steve Bacha from Edmonton.

Sunday was another beautiful day and things were rolling early.

At 1 p.m. people jammed around the demolition pit to see "action." Action it was with all the roaring cars bumping one another. The first winner was Raymond Pelletier who received \$50 and Denis Landry came in second with a \$25 prize. Raymond was driving for Legal

Motors and Denis for CIS Insurance.

The jigging contest was also a crowd pleaser. To put the contestant in the mood Mr. Lucien Bergevin delighted everyone with his jigging little wooden man. He was accompanied on the violin by Archie Arcand and Mrs. Karontoni on the guitar.

There were three categories for the contest. Winning the children's trophy was Randy Karontoni from Calahoo. Mrs. Karontoni won for ladies and Mr. Alcide Pellant was awarded the trophy for the man.

The judges were Mr. Hector Bourgeois from Barrhead and Mr. Raoul Bergevin from St. Albert.

We were pleased to welcome a Senior Citizens group from St. Albert, Ontario, who spent part of Sunday at our celebration. Mr. Ed Savole from St. Albert, good samaritan and 1973 citizen of the year, brought a busload of citizens from the Youville Home to spend the

afternoon renewing old acquaintances.

The good old fashioned hayride was a very special attraction on Sunday. It was a new experience for most of the children, but for the older people it brought back many pleasant memories. The rack was pulled by a team of horses driven by Remi Prefontaine.

The Sunday evening spectacular show that wound up the two day celebration was held in the arena for some 1,200 people who truly enjoyed the versatile and talented Rollanda Lee and the Sunshine Company.

A gigantic display of fireworks brought the festivities to a close Sunday evening.

The Recreation Board wish to express their gratitude to all those who volunteered their time and efforts, also to our numerous visitors who helped to make our Fete au Village the smashing success that it was. We enjoyed having you with us and we hope to see you next year.

Following final judging on Saturday evening at the Bandsbell, the judges announced that Marie St. Martin was Mlle. Fete au Village 1974. Last year's queen Lorette Kleser (at right) placed her crown and robe. Runners-up were Michelle Brisson, left, and Rachelle Letourneau, centre.

## Minister announces idea to broaden the scope of Fete au Village

HORST SCHMID

Guest of honour at La Fete au Village, the Hon. Horst Schmid announced Saturday in Legal that his department would provide a grant of \$5,000 for the summer festival if the village would be interested in making their project a focus for the French Canadian heritage and culture for all of Alberta. "Your MLA Ernie Jamison and I have talked this over," he said, "and we feel the potential is here in your community to develop a provincial wide event similar to what was held at the Ukrainian festival done earlier this year in Vegreville and the Scandinavian one in Camrose."

Members of the Fete au Village expressed their interest, saying they were excited about the possibilities and that the executive would

be meeting soon to discuss the idea.

The announcement came at a luncheon for special guests held in the Recreation Centre following the parade. Master of ceremonies, Roland Prefontaine called on MLA Jamison, MP Peter Elzinga and the Mayor Joe Nault of Legal who spoke briefly. Also introduced were Reeve Bill Flynn of MD Sturgeon and Mrs. Flynn, Mayor Stapleton of Morinville, Mayor Gibbon of St. Albert and Mrs. Gibbon, Mayor Doherty of Westlock and Mrs. Doherty and Mayor Deedman and Mrs. Deedman of Bon Accord. Mr. and Mrs. Carl Royan (recreation director for the MD) and Mr. Leon Brisson, president of the Legal Recreation Board, and Mrs. Brisson were introduced as well.

Next to be acknowledged were the parade judges, Ted Dosse and his wife, Al McRoberts and Keith Everitt and his wife, and the gal in charge of entertainment, Lucienne Montpetit. A delightful break in the program was provided by Patsy Montpetit and her accompanist on the guitar, Danny Mahe. Patsy sang a group of songs, some in English and some in French.

Queen candidates Michelle Brisson, Marie St. Martin and Rachelle Letourneau were introduced, and their chaperone in charge, Margo Montpetit.

Representing the pioneers of Legal at the luncheon were Mr. and Mrs. Leon Prefontaine, Mr. and Mrs. Adelard de Champlain, Mr. and Mrs. St. Pierre, Mrs. Georges Leduc, Mrs. Dominique Montpetit and Mrs. Houle. Parade Chairman Marcel Dube was introduced and Legal council: Mayor Joe Nault and his wife Germaine, Roland Prefontaine and Georgette, Art Morin and Alphe-

da, Gerard St. Jean and Joyce, and Secretary Agnes Montpetit and Maurice. Councillor Morin was present, although just released from hospital that morning. The emcee also paid special tribute to Raoul St. Jean who has completed 25 years of service with the village.

Provincial and Regional representatives of the ACFA were introduced as well: Mr. Durocher, provincial vice-president and Mrs. Durocher and Mrs. Guy Farly, regional president and Mr. Farly. All present enjoyed the warm hospitality and excellent luncheon.

BEING HELD FOR -- RAY GOTTSCHALK  
Located: 1 1-2 miles East, 1/2 mile North of Rochester  
Corner on Highway #2, OR 1 mile West, 1/2 mile North of ROCHESTER.
